CTRM'S NEW ROOM FOR COST SAVING!

By Intan Syamimi

CTRM continues adding new initiatives to its cost-saving list with the launching of in house laundry recently.

Located in Building 1, the facility targets to provide the washing services of production working apparel mainly from Trimming, Cleanroom and Paint Shop process areas which have high washing rates due to its nature of work.

The STRONG team for making the impossible, POSSIBLE! Team consists of various departments, including HR, ID, Engineering, Production, Quality & FEM

A brief launching ceremony was officiated by CTRM CEO, Mr Shamsuddin Mohamed Yusof and in his speech, has thanked and congratulated all parties involved.

He also hoped that more small scale initiatives will follow suit. Not only will it save company's money but more importantly to continue inculcating the positive culture of continuous improvement and be prudent in spending among CTRM employees.

Dr. Muhd Ikmal Isyraf Mohd Maulana, Head of Operation Improvement who heads the project, said that CTRM In House Laundry only took one (1) month planning, completion of which was achieved with great support from Administration, Procurement and Painting departments.
